Flight Night

DYNAMIC REDS | 23

Full of contrast and versatility, this flight spans light-bodied, high energy reds to deeper, more structured styles. Expect bright fruit, layered texture, and evolving intensity, showcasing how red wines can move from elegant and lifted to bold and powerful in a single journey.

OLD VS NEW | 23

A global conversation in four pours. This flight contrasts the timeless restraint of Europe with the expressive power of the New World. Compare the mineral precision of classic Old World varietals beside the ripe fruit and bold character of modern winemaking, and taste how place shapes personality in the glass.
